### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance: The claimed invention is drawn to a process for separating aqueous sodium bicarbonate brine from soap oil in the recovery process of a pulp mill, comprising:

neutralizing a crude tall oil soap by forming a mixture comprising crude tall oil soap, water and carbon dioxide; and  
separating aqueous sodium bicarbonate brine and soap oil obtained from said neutralization,  
wherein said mixture comprises a water solution having an increased density. said increased density resulting from mixing ash or dust from a recovery process with the water.

No prior art of record discloses or fairly suggest a process for separating aqueous sodium bicarbonate brine from soap oil in the recovery process of a pulp mill which includes a step of neutralizing a crude tall oil soap, water and carbon dioxide mixture by using a water solution with increased density where the increased density of the water results from addition or mixing water with ash or dust from a recovery process. Claim 6 is interpreted as necessarily requiring the presence of increased density water solution that resulted from admixing ash or dust from a recovery process with the water, which limits the claims to densities of water solution that are necessarily higher than normal density of water.

### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Neblett on February 27, 2006.

The application has been amended as follows:

Claims 16-19 are **CANCELLED**.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
